About Us

This is the place where you can get to know about our luxurious hotel. Here we say about our vision, mission & the values of ours. So anyone who is interest about our hotel can get those information through our about us page.

A NEW LEVEL OF LUXURY HOSPITALITY IN SRI LANKA

The Seaside South Park, Mount Lavinia is a place where our guests are pampered to a royal stay, where their comfort and happiness becomes our main goal.

We pledge to provide regal, personalised service and facilities for all our guests who are welcomed with arms wide open to a majestic, exclusive, luxurious refined ambience.

The Seaside Park beach experience rejuvenates the heart, body and soul, where guests experience the unexpected.

OUR VISION

To be the most well preserved Heritage Hotel in the world that exudes historical value yet boasts of the most modern conveniences, which cocoons its guests in comfortable luxury, affording them a soothing, relaxing experience and a treasured memory, while being respected and valued by our stakeholders for our method of operation and sustainability and be the name synonymous with "Royalty is our Service".

OUR MISSION

To preserve and protect the hotel and its' history, to upgrade the hotel and operate same with modern conveniences, to create a comfortable and a relaxing space for our guests to unwind in, to operate a sustainable business that is financially stable to be responsible for the place and community we operate in, to be a green organization with Zero waste, to be respected and recognized by our stakeholders as the number one heritage hotel in the world.

OUR VALUES

Our Guests are our Royalty. Our History is our Treasure. Our Hotel is your Castle. Loyalty and Honesty first in employment. Sustainable and financially stable in operations. We can, we will, we smile and help. Never Say No. A service from the heart, served regally. We respect and gain it back. Humbleness first in our inquiry. One Family, One Castle. Our Guests Reign we Rule.

Booking Database

The screenshot displays the phpMyAdmin web interface for a database named 'booking'. The 'Structure' tab is selected, showing the table 'bookings'. The table structure is as follows:

#	Name	Type	Collation	Attributes	Null	Default	Comments	Extra	Action
1	first_name	varchar(10)	utf8mb4_general_ci		No	None			Change Drop More
2	last_name	varchar(20)	utf8mb4_general_ci		No	None			Change Drop More
3	phone_no	int(10)			No	None			Change Drop More
4	email	varchar(30)	utf8mb4_general_ci		No	None			Change Drop More
5	arrival_date	datetime			No	None			Change Drop More
6	departure_date	datetime			No	None			Change Drop More
7	guest_number	int(2)			No	None			Change Drop More
8	room_type	varchar(20)	utf8mb4_general_ci		No	None			Change Drop More

Below the table structure, there are options to 'Check all', 'With selected', 'Browse', 'Change', 'Drop', 'Primary', 'Unique', 'Index', 'Fulltext', 'Add to central columns', and 'Remove from central columns'. There is also a 'Print' button and a 'Propose table structure' button. A 'Track table' button is also present. A 'Move columns' button is also present. A 'Normalize' button is also present. A 'Go' button is present. A 'Add' button is present. A 'column(s)' dropdown is present. A 'after room_type' dropdown is present. A 'Go' button is present. The 'Indexes' section shows a table with columns: Action, Keyname, Type, Unique, Packed, Column, Cardinality, Collation, Null, Comment. The table contains one row: PRIMARY, BTREE, Yes, No, email, 0, A, No. There is a 'Create an index on' section with a '1' dropdown and a 'Go' button. The 'Partitions' section shows 'No partitioning defined!'. The 'Console' section is empty.

We have used several resources to create our hotel website. Mainly we got the knowledge through the YouTube tutorials. And also we have got the help of bootstrap, Github and some other sites.

So we have concluded our website with an attractive output.
